Back to the cover area GoW: Ascension Guide Click "Exit" button, and the statue will open the door for you. Scroll down to "Next destination" map GoW: Ascension Guide We are at the city of the "cheese", which is in my opinion the most gorgeous city on this map. This is the home of the Crusaders, a knightly order that many people will recognize. Before going to the city, you can make your way to the western exit and do "Carousel" (this is a quest item, available in The Forgotten Age DLC). This is a quicker way to get to the city, but there is no "Tower of the Pyramids" in "Disc of the Ancients" GoW: Ascension Guide Inside the city, you can start the quest "City Plaza" in the building with the red sign.GoW: Ascension Guide After doing the quest, we can go back to the statue and open the door, which is now in a different place. Go back to "next destination" map GoW: Ascension Guide Use right arrow key to find the "jumping" statue, and jump on it. Go to the next level GoW: Ascension Guide To finish the puzzle, you will need to jump on the objects on the left side of the screen GoW: Ascension Guide and click on the blue object. Go down and do "Door" (this is a quest item, available in the "Weapons" DLC). The doors will open when you click the "Door" button. Go inside GoW: Ascension Guide Take the left path and do "Creature of the Deep" quest. This is a medium-hard quest, but it will take you to the least known part of the map GoW: Ascension Guide which is in the sea. A nice part of the area is the ruined town. Go to the center of the screen and click the wheel GoW: Ascension Guide on the center of the screen, then click the wheel in the middle of the screen. You will jump to the middle of the map GoW: Ascension Guide which is now outside. Take the right path GoW: Ascension Guide and jump on the "Creature of the Deep" statue. Go to the end of the level, and click the wall. Then scroll down to the next part GoW: Ascension Guide to finish the puzzle GoW: Ascension
