The publication contains information that the company which owns the vehicle has no dealer centers in Russia. Therefore, we can not guarantee the safety, quality and reliability of these vehicles. We offer our readers only objective and reliable facts. So, in the U.S. sales of the new Chevrolet Colorado pickup began. As previously announced, the car is equipped with a 2-liter turbocharged gasoline engine with 270 horsepower and a torque of 368 Nm. Also offered is a 3.6-liter V6 engine with 260 hp and 325 Nm of torque. Both units are paired with a six-speed automatic transmission and all-wheel drive system. With a 2.8-liter turbocharged gasoline engine, front-wheel drive and a six-speed manual, the base pickup costs \$21,995. In addition, there is an all-wheel drive version with a 2.8-liter turbodiesel engine. The cost of such configuration - \$26,495. In Russia, the price for the new UAZ Patriot starts at 699,000 rubles (excluding discounts). Thus, in comparison with competitors, the crossover from the Ulyanovsk automobile plant offers the most favorable price tag. For example, the Ford Explorer 2019 release in the basic version costs from 2,065,000 rubles, and the Mazda CX-9 - from 2,159,000 rubles. Recall, the novelty received a new interior, in which the central console is decorated with a modern multimedia complex with a "puck" control, Read all about it According to preliminary data, the model will also be available with front and all-wheel drive. There is no

information about when this modification will appear on the Russian market. It should be noted that currently the crossover is offered on the Russian market with a single engine with a displacement of 2.0 liter that is capable of generating 193 horsepower. In tandem Read completely The first official photos of the new Mercedes GLA have been published on the web. As expected, the novelty will go on sale in 2015. The car was developed in Germany - in Stuttgart. It was previously reported that Mercedes will introduce the new GLA at the end of 2014. The novelty was developed on the basis of the A-Class. The GLA will get an increased wheelbase, which will create more space for second-row passengers. The wheelbase and the cabin will also be extended. This is necessary in order to expand cargo space, as well as to increase the volume of the luggage compartment.
