Moyea SWF4Tube Converter is an excellent tool that can perfectly convert Macromedia SWF files to flash video format files that Adobe Flash Player and videoshare sites support. Moyea SWF4Tube Converter offers the solutions to those problems that many other converting tools cannot solve, such as video and audio synchronization, loss of frames, audio distortion, and the process of both internal and external Flash video (FLV), etc. You can define the start/end time of SWF file before conversion. The generated file would have no skipped frame, no sound quality loss. With the leading audio and video codecs, Moyea SWF4Tube Converter lets you easily and fully enjoy and share the original effects of your Flash files on your website. Batch mode enables you to select multiple files and convert them all at once automatically. Moreover, it provides you a convenient way to connect with Moyea Web Player which can easily make a web flash video player for your web, blog, podcast. Moyea SWF4Tube

Converter will allow you to easily obtain high quality SWF and FLV video files.
