Some of us learn best by just playing around with the software and discovering the features for ourselves. But if you're new to Photoshop or just need to get up to speed quickly, this article will take you through the Photoshop Elements 8 Starter Guide. This guide will take you through the basics of the program's tools, including layers, adjustment layers, blending modes, layer modes and filters, masks, text, and image resolution. What is Photoshop Elements? Photoshop Elements is a powerful graphics editor. In this version it is Photoshop's budget-friendly sibling. It has all the same features as its more expensive cousin. However, it only comes in either Classic or Standard version (and no paid-for Pro version) compared to Photoshop's paid-for professional versions (CS6, Photoshop Express, Creative Cloud or Photoshop, Lightroom, etc.). The Starter Guide to Photoshop Elements 8 will take you through the core of the program. If you want to get started with Photoshop Elements in a hurry, check out our guide to Photoshop Elements, which includes a simple introduction to the core functions of this program, and how to import images, layers, paths, etc. If you'd like to read more detailed tutorials for Photoshop Elements, click here. YouTube 'Newsman' Features Shooter Edward Joins Gun Culture YouTube's "news" show, "Newsman," has a new co-host. His name is Edward Joins Gun Culture. Welcome to "Newsman"! Welcome to the YouTube news show where I ask questions that other YouTube news shows don't ask. And at the same time, answer questions that the other YouTube news shows don't answer. "Newsman" is a show about life, love, and gun culture. Join me as I interview a person about their life, love, and gun culture. Or maybe I interview a person about their life, love, and coffee. This week we're talking about… a guy. Her. It. Karyn Savage has been a fan of YouTube since before the days where you could only post videos of yourself shaking your nads and buying shoes at Walmart. He's one of the most creative, informative, and entertaining presenters on YouTube. The clips that Karyn provides are probably the most accurate and in depth analysis of gun culture, the NRA, politicians, and gun politics that you'll find on YouTube. Join Karyn as he "interviews" a guy about gun culture in Austin. Video length: 6:10 Karyn Savage can be found on YouTube Here are some screenshots from "Newsman". Viewers are encouraged to provide feedback as we roll out "Newsman" weekly on YouTube. If you'd like to contribute to "Newsman," you can find out more about the idea here.Media Content Systems, Inc. I've overridden the OnNavigationFailed event handler for a metro app (How to: override the system-generated content for a page in a metro app) to show a login screen when the user navigates away from the app. This is working great when I am navigating directly to a page and can get the desired effect using NavigationHelper.GetNavigationTarget() to get the current navigation target: private void OnNavigationFailed(object sender, NavigationFailedEventArgs e) { var page = NavigationHelper.GetNavigationTarget(); NavigationHelper.ShowLoginScreen(page); } I'd like to override the title for the "open" menu item of a menu item. I've looked at the Windows.UI.Xaml.Controls.MenuItem ControlTemplate, which indicates that there's a TextBlock or a TextBlock inside the Button, but I haven't found a way to access the TextBlock to override the title. How do I access the title of a Windows 8 menu item's menu item? A: Try something like this void onLoaded(object sender, Windows.UI.Xaml.Controls.LoadedEventArgs e) {
