The feature will be used as the foundation for an improved Fifa Ultimate Team by introducing six new cards to the game: Goalkeeper, Left-Winger, Midfielder, Right-Winger, Striker and Tackling Machine. The latter can be activated after pressing the "Tackle" button. Two new Ultimate Team moves have been created for use with the new cards. First, the new Striker card can be turned into a Tackling Machine. Second, the goalkeepers card can also be turned into the Tackling Machine card. In addition to these new moves, players can now earn "Total Moves" for all of their possessions, and can turn their total into football cards.
